

On the road. On the water.
Get the NMMA Certified Advantage.

Fishing. Waterskiing. Wakeboarding. Day cruising.

With a trailerable boat you can enjoy a wide variety of activities and explore new waterways every weekend. When you're looking for a trailer, be sure to look for one that is NMMA Certified.

NMMA certified trailers must pass rigorous third-party inspections to verify compliance in critical areas, including capacity ratings, couplings, safety chains, lighting, winches, brakes and more. They are built by manufacturers who go the extra mile to ensure their trailers:

- Meet all applicable regulations established by the National Highway Traffic Safety Administration (NHTSA) and the Federal Motor Carrier Safety Administration (FMCSA)
- Comply with industry standards set by the Society of Automotive Engineers (SAE)

Enjoy the peace of mind that comes from choosing a NMMA Certified trailer.
