National Marine Manufacturers Association
NMMA Boat and Yacht Certification Program
Standards Basis – 2024 Model Year

Inboard Engines
Marine Sanitation Devices
Hull Identification (H.I.N.)
LPG Systems
Cooking Appliances
Refrigeration and Air Conditioning Equipment
Liquid and Solid Fueled Boat Heating Systems
Gasoline and Propane Detection
Electric Navigation Lights
Electric Navigation Lights
Sound Signal Appliances
Carbon Monoxide Detection Systems
LPG and CNG Fueled Appliances
Alternating Current (AC) Generator SETS
Galvanic Isolators
Cooking Appliances with integral LPG cylinders
Battery Chargers and Inverters
AC Power Conversion Equipment and Systems
Emergency Engine/Propulsion Cut-off Devices
Construction and Testing of Electric Navigation Lights
Storage Batteries
A.C. & D. C. Electrical Systems
Electric Propulsion Systems
Field of Vision from the Helm
Ventilation Gasoline
Windows, Hatches, Doors, and Port Lights
Cockpit Drainage Systems
Capacity
Buoyancy/Flotation
Electric Bilge Pumps
Water Systems
Gasoline Fuel Systems
Portable Gasoline Fuel Systems
Powering
Seacocks, Thru-Hulls and Drain Plugs
Inflatable Boats
Canoes and Kayaks
Hydraulic Systems
Seat Structures
Ventilation Diesel
Diesel Fuel Systems
Pontoon Boats
Jet Boat – Light Weight
Anchoring, Mooring, and Strong Points
Ladders, Handholds, and Rails
Exhaust Systems
Propeller Shafting Systems
Mechanical Propulsion Control Systems
Mechanical Steering Systems
Manual Hydraulic Steering Systems
Steering Wheels
Jet Boat Steering/Propulsion
Electric/Electronic Steering Control Systems for Propulsion and Steering
Capacity Plates
Outboard Engine Weight Table
Safety Signs and Labels

Updated ABYC Standards and New Standards for the 2024 MY program in **Bold**
